ADLN goes with Los Cabos Mayor Mirna Xibille to Thank First Lady of Sinaloa Rosalia Camacho de Aguilar for helping BCS Children with Cancer

We just made a wonderful trip to Culiacan with Dr. Eduardo Altamirano, Chief of Pediatric Oncology at the Sinaloa Pediatric Hospital where 38 children from our State are going to receive medical attention for cancer...we have none available for them in Baja California Sur! Our Mayor, Cabo Tourism Director Miroslava Bautista and Korey Riggs from LCCF accompanied us on this trip. After the award ceremony for Mrs. Aguilar, we visited the Cancer Unit and our children in the SPH with Dr. Altamirano and we also saw the new Pediatric Oncology Wing that is now being built, with equipment donated by TELETON, it is on its way to being one of the finest in Mexico, we are so thankful they are such good neighbors! ADLN handles the support and transportation of all these children, most are with us for at least two years...5 are now in remission!!! Luis Enrique, one of the kids from BCS, is being sponsored by ADLN to go to Disneyland with a group of 10 other children from Casa Valentina, we hope they have the time of their lives!
